

“approximately 2 million people with mental illness being booked into jails each year.”

### Diversity and Criminal Justice Issues (on campus)

This course explores how America’s changing demographics have affected the criminal justice system’s history, development, and practices (past, present, and future) as applied to law enforcement, courts, and corrections. More specifically, the course provides an in-depth analysis of diversity issues focusing on the role race/ethnicity, gender, and social class play in the various arenas of criminal justice.

### Mental Health and Criminal Justice Issues (on campus)

This Mental Health and Criminal Justice Certificate offered by Northern American University (NAU) explores the growing problem of Criminal justice issues among individuals with mental health and substance-use conditions. The course is designed to facilitate a better understanding of mental illness and criminal justice clientele. It is a course that is relevant for persons involved in the various criminal justice components whether law enforcement, corrections, and court personnel.
