| Meeting minutes agenda # 25 | <ol style="list-style-type: none"> 1. Scantrons machine 2. School busses 3. Students' language in the classrooms directly. Dr. Taban will bring this up to the chair's members. 4. Handicapped Parking 5. Inflation – 6. SACSCOC Update |
| Discussion and Explanation to the agenda presented. | <ol style="list-style-type: none"> 1. Scantrons machine – Dr. Taban shared that we are still using survey monkey. Dr. Abu-Raqabeh expressed that with a growing student population, the scantron machine would facilitate with grading large quantities. Dr. Taban asked for a model and cost. 2. School busses -Dr. Abu-Raqabeh shared that his last field trip using the school vans, they had no gasoline, the gas cap was missing, and they vans seemed under maintained. He believes they would not pass inspection in their current state. Dr. Taban will send the information to facilities about this issue. 3. Students' language in the classrooms – Dr. Abu-Raqabeh is concerned about the athlete's language. He has heard inappropriate language. He suggested the coaches have a talk with the athletes. Dr. Smith mention that instructors should warn students about language directly. Dr. Taban will bring this up to the chair's members. 4. Handicapped Parking – Dr. Smith shared that another faculty member complained that they could not find handicap parking. She mentioned that students and faculty have been using these parking spots. Dr. Taban will update the facilities department. He also mentioned that the lack of enforcement is the issue. He mentioned returning to issuing parking permits again. 5. Inflation – Dr. Abu-Raqabeh shared that a lot of faculty members are concerned about the current gas prices. He asked if raises are |
