

TEACH Grant

[Teacher Education Assistance for College and Higher Education Grant]

Exciting news! NAU offers the Teacher Education Assistance for College and Higher Education (TEACH) Grant. This program provides grants of up to **\$4,000*** a year to eligible undergraduate students completing course work needed to begin a career in teaching in a high needs field.

To receive a TEACH Grant, students must sign a [TEACH Grant Agreement to Serve or Repay](#) in which you agree to the following:

- Serve as a full-time highly qualified teacher for four (4) elementary or secondary school years at a school or educational service agency that serves low-income students, as seen on the [Teacher Cancellation Low Income Directory](#).

- Teach in a high-need field – i.e., mathematics, foreign language, science, or any other high-need field listed in the annual [Teacher Shortage Area Nationwide List](#) or [Texas Teacher Shortage Areas List](#).

(If you plan to teach in a high-need field that is included in the *Nationwide List*, that field must be listed for the state at the time you begin teaching in that field, even if that field is later removed from the Nationwide List; or at the time you signed your Agreement or received your TEACH Grant, even if that field is no longer designated as high-need when you begin teaching).

- Complete the required four (4) years of teaching within eight (8) years after you graduate from or otherwise cease to be enrolled at NAU (students track their teaching service using a form that must be submitted to the U.S. Department of Education each year).

IMPORTANT NOTE

TEACH Grants will convert to an [Unsubsidized Loan](#) and must be repaid with interest accrued from the grant's disbursement date if:

- The student switches majors to a non-TEACH Grant eligible program; OR
- The student does not fulfill the teaching requirements (full-time at a low income/Title I school for at least four (4) years within an eight (8) year period of completing the program which the TEACH Grant was awarded for).
